AT NEW ORLEANS.

State of Affairs Caused by the Lynching.

THE WORK OF THE GRAND JURY.

Sheriff Vellire Makes a Complete Report to the Criminal Court—Comments on Secretary Blaine's Letter—Wickliffe Gets a Letter of Warning from New York.

NEW ORLEANS, March 20.—Sheriff Vellire has made a complete report to the criminal court, in regard to the lynching in the jail on Saturday. The report was recorded and Judge Marinet reported to the grand jury. Both Governor Nichols and Attorney General Rogers reside here. These gentlemen were in consultation regarding the reply of his excellency to Secretary Blaine, whose letter to the governor is regarded here as having been premature and unnecessarily severe in its denunciation of the action taken by the citizens of New Orleans.

There is no truth in the report that Parkerson has been molested. He is pursuing his ordinary avocation, and is not perturbed by the general rumors that he is shortly to be arrested for his leadership on last Saturday. It is generally thought now that O'Malley, the detective, is concealed in the house of a friend uptown and that he did not leave the city on any of the outgoing trains, probably fearing that he would be caught before he could get beyond the limits of the state.

Mr. John C. Wickliffe yesterday received the following letter from New York: "Now that your treacherous mission is done and your bull-dog thirst for Italian blood is satisfied, you and the New Orleans bloodhounds of your stamp may prepare yourselves for the penalty that you well deserve, and don't forget you will get it sure enough." The warning went to the waste basket.

The grand jury began their investigation in the parish prison at air yesterday. District Attorney General Rogers is acting as the adviser of the grand jury in the matter.

Before the grand jury yesterday Thomas C. Collins testified concerning the bribery of sales jurors in the Hennessy case. Collins was in the secret service of the city, but managed to gain the confidence of Private Detective O'Malley, who took him into his employ. His testimony yesterday was secret, but startling developments are expected.

The city attempted another coup similar to the Collins scheme but this, although well planned, fell through. A detective was brought here from Italy, arrested on a charge of counterfeiting and sent to the parish prison. He was put into the same section with the other Italian prisoners, but the assassins became distrustful to the new comer and nothing was learned.

Sheriff Vellire, in his report concerning the occurrences at the prison last Saturday, after giving a list of the Italian prisoners, says he received no intimation that the prisoners were to be disturbed. He says he saw the call for the meeting of citizens, and he at once went to the prison and instructed the fourteen men on duty to take every precaution. He then drove to the court and reported to Judge Baker. On the way he noticed there was much excitement, and this prompted him to call upon the chief of police for a force to aid his deputies in repelling an attack if one should be made. The chief referred him to the mayor. He called at the mayor's office, but that gentleman was not yet at his office. At about 10:30 he went to see the governor, who gave him instructions to formally demand from the mayor assistance, and to report the result to him. While at the mayor's office he received a telegram which announced that the tragedy had occurred.

Mr. Vellire in his report annexes a report from the deputy in charge of the prison, together with a report of the coroner.

The report of the deputy substantially confirms the press reports of what occurred at the prison.

The following is a copy of a letter addressed by the district attorney to the attorney general:

NEW ORLEANS, March 18.
Hon. Walter H. Rogers, Attorney General.

DEAR SIR—I respectfully call on you as attorney general to take charge of the investigation of the occurrence in this city on last Saturday, to which Judge Marr has already called the attention of the grand jury. That body meets to-morrow (Thursday) morning, and I have instructed them that I would call on you as the attorney general of the state to attend at their session, and aid them in this great public matter. Very respectfully,
C. H. LUZENBERG, District Attorney.

WATERS-DUNN TRAGEDY.

The Street Duel the All Absorbing Topic Discussed.

NEW ORLEANS, March 20.—The all absorbing topic on the streets is the street duel between Capt. Dunn and Frank Waters Wednesday night. The men have been at odds for some time, and friends of the pair have been expecting trouble between them almost any time. Both men resided in the Eighth ward and were opponents in all political struggles. Waters was intoxicated when the shooting occurred. He was standing at the corner of Canal and Bourbon streets at about 11 o'clock, and was boisterously denouncing the affair of last Saturday. Dunn happened along about this time, and Waters catching sight of him made some very uncompromising remarks. Waters called Dunn who was turning away, and as Dunn came toward him, Waters drew a revolver and fired, but missed. Dunn also drew, and eleven or twelve shots were exchanged in rapid succession.

waters backed into Clevius drug store where he fell dead.

Frank Waters was 36 years old, a native of this city, and figured quite prominently in politics in the Eighth ward where he resided. He was married two years ago to Miss Douglass who survives him.

Arthur Dunn is 43 years old. He is married and has a family of six children.

Official Report of the Recent Naval Disaster—Other News.

WASHINGTON, March 20.—Lieut. Commander Icknell, who was in charge of the Galena when she was wrecked off Gay Head while proceeding to Portsmouth, N. H., in tow of the government tug Nina, has made a written report to the secretary of the navy concerning the disaster. It is understood that he puts the blame for the wreck on the Nina, whose bad steering and failure to respond to orders he believes to have been the cause of the disaster.

Commander Icknell commends in the highest terms of praise, the gallantry of Ensign Field and excellent behavior of the crew of the Galena.

Knows Nothing of It.

WASHINGTON, March 20.—Secretary Blaine said last night that he knew nothing whatever about the published report that the United States intended to institute retaliatory proceedings against Germany, in case that country refused to admit American pork. No pronouncement, he said, looking to the exclusion of German imports had been issued. Private Secretary Halford also said he knew nothing about the president contemplating such retaliatory proceedings.

A MYSTERIOUS CAVERN

Discovered by a Rabbit Hunter Near Wooster, O.

WOOSTER, O., March 20.—The residents of East Union, several miles east of this city, are considerably worked up over the discovery of a cave near the village. J. M. Davis, Will S. Grady and Alex. Hunter, while hunting, chased a rabbit into a burrow on a hill near the line of the Cleveland, Akron and Columbus railway.

Determined to secure the game, they procured a maul and shovel and proceeded to dig it out. After excavating the earth to a depth of about four feet they uncovered a curiously shaped stone upon which were the evident marks of human workmanship. Examining it closely it proved to be a piece of rock resembling granite in color and nearly as hard, three feet square and covered on its upper side with rude engravings of human heads, arrows, hearts and fishes. Abandoning the rabbit, they called to their aid Peter Lawrence and Simon Buch, who were near by at work, and succeeded in raising the stone upon its edge. It proved to be about seven and a half inches in thickness, and on its under side was a rude picture of the sun, in the center of which are a tomahawk and pipe more deeply engraved.

The stone itself closed the opening into a subterranean chamber, which, with the aid of a ladder and lantern, was found to be in the form of a cubical cistern, perfectly dry, ten feet high, ten feet wide and ten feet long, carved in solid sandstone, with exquisite precision, and containing a few arrow-heads, stone pestle and mortar, remains of a fire, and in the northwest corner, sitting in an upright position, a human skeleton, in a good state of preservation, with circlets of copper about its neck, wrist and ankle bones. Its eyeless sockets were turned toward the entrance, and looked sad and ghastly. Upon making the discovery Coroner Huntsberger was summoned, but, viewing the skeleton, refused to hold an inquest. (Crowds of people are visiting the cave daily.)

Pettit Witnesses Unfortunate.

CRAWFORDSVILLE, Ind., March 20.—Misfortunes still continue to befall witnesses and others connected with the murder case against W. F. Pettit, who was sent to the penitentiary for life from this city. The latest victim was Rev. W. W. Wilson, who was killed last Saturday by the bursting of a feed mill. His wife was also a witness in the same case. The latest story is that the church at Shawnee Monnd, where Pettit was preaching when his wife died, is haunted by the spirit of Mrs. Pettit.

A HARD FIGHT

Made by the North Dakota Anti-Prohibitionists Proves a Failure.

NEW YORK, March 20.—A special to The World from Bismarck, N. Dak., says that it has transpired that the fighters of prohibition were prepared to spend large sums of money for the success of resubmission. A corruption fund has been raised in the state, and by outside liquor dealers and brewers who are interested in the defeat of prohibition. Checks to amounts all the way from \$10,000 to \$30,000 were drawn and given to members who could be bribed. The checks were dated a few days ahead. When the resubmission committees realized that their campaign would end disastrously every check was cancelled and payment stopped. However the bank had cashed a \$100 check, presented by a member, notwithstanding its being drawn for payment several days in advance. A sensation is expected unless the \$100 is made good to the bank by somebody.

Skipped Out With Another Man.

MOUNT STERLING, Ky., March 20.—Nancy C. Snelling, wife of Frank Snelling, a laborer on contracts, deserted her husband and children Tuesday night, and eloped with Charles Stevenson, a farm laborer. The woman is 29 years of age. Her maiden name was Shannan, and she was the cause of Frank Blount being killed in Nicholas county five years ago, when she proposed to run off with him. She disposed of \$800 worth of property and took the money with her.

ASTORIA, Ore., March 20.—The iron steamer Batavia went ashore yesterday in the Columbia river, near Tongue Point. Her cargo will have to be taken out before she can be floated. The Batavia belongs to the Canadian Pacific company and has a cargo of 435 tons of flour aboard.

CALIFORNIA'S NEW SENATOR.

Ex-Congressman Felton Will Succeed the Late Senator Hearst.

SACRAMENTO, March 20.—Ex-Congressman Felton was yesterday afternoon elected to succeed Hearst in the United States senate. The vote stood: Felton, 33; Estee, 13; White, 10; Hancock, 1; White, Democrat, 2. A number of changes being made to Felton, a stampede occurred which finally made the ballot elect him.

Senator-elect Felton was born in New York fifty-eight years ago, and came to California when he was 17 years of age. He engaged in mining and mercantile pursuits, and entered politics as a Democrat. He afterwards became a Republican and was elected to the assembly for four years. He declined renomination six years ago, and was sent to congress from the fifth district. He has also held the position of United States sub-treasurer of a branch.

In an interview yesterday afternoon Estee said: "I have nothing to say for publication except that I was defeated because I had not enough of votes. No poor man has a chance to aspire to office in California. I do not pretend to say that money was used for the election of Mr. Felton, but he certainly had with him the influence of great corporations like the Alaska Seal Fur company, sugar refineries, Federal brigade, etc. The men who stood by me are men against whom there has never been a breath of suspicion. After my defeat I congratulated Mr. Felton on his election and wished him many happy days. I am satisfied and I don't want the Japanese mission even now. California climate is good enough for me."

POWDER MILL BLOWN UP.

Two Men Fatally Injured While Another One May Die.

MAHANOY CITY, Pa., March 20.—The Brandonville powder mill caught fire and blew up yesterday evening, fatally injuring two men and seriously injuring a third. The victims are Cyrus Faust, who was burned in a horrible manner, the flesh hanging in threads from his body; Jeremiah Zimmerman received injuries from which he cannot recover; Elias Lindernuth was also badly burned and is in a precarious condition. The men were blown thirty feet into the air with a cloud of dust and smoke.

The cause of the accident was due to a pebble getting under the crusher while the men were making powder, the friction of the stone coming in contact with the heavy iron crusher, causing the powder to ignite. The drying house was burned to the ground, but the magazine escaped. The men were carried to their homes, but there is no hope for the recovery of Zimmerman and Faust, and the life of Lindernuth hangs on a thread.

WILL CONTEST DECIDED.

Historic Controversy Settled by Judge Toney at Louisville.

LOUISVILLE, March 20.—Judge Toney rendered a long decision in the famous Baroness Fabe Nenberg case yesterday in the law and equity court. The opinion filled ninety-five large type-written pages and thirty pages of manuscript, and was a comprehensive and learned treatise on the law applicable to the endowment of charities. The decision upholds the will and settles the historic controversy.

The baroness, a native of St. Louis, died in Paris in 1855. She left a will devising a large landed estate in America for the establishment of a charitable institution at Lexington, Ky., for poor Protestant people of all ages, including children, for the people of Kentucky, Missouri and New Jersey. The relatives of the baroness in Virginia and elsewhere attacked the will, the contest resulting as above.

Joe M. Auliffe Falls to Knock Out Daly.

HARRISBURG, Pa., March 20.—The much talked-of prize fight between Joe McAuliffe, of New York, and Jim Daly, of Philadelphia, took place in the vicinity of this city last night, nearly 800 spectators wine sing the mill. The terms of the fight were that Jim Daly should stay six rounds for a purse of \$1,000. This he managed to do, and although receiving a lot of punishment, was almost as fresh as his burly opponent at the finish. It is only fair to McAuliffe, however, to state that he broke the first knuckle of his left hand in the fourth round, and was incapacitated from hitting the Quaker City man as hard as he might otherwise have done.

Not Guilty but Insane.

PROIMA, Ill., March 20.—The jury in the case of John Spellman, son of the wealthy distiller, on trial here for several days last charged with being a burglar and safe breaker, brought in a verdict last night declaring Spellman insane. Young Spellman was arrested and tried in Bloomington some time ago and was committed to the insane asylum as a result of that trial. Being soon released as cured he returned to his old practices, was arrested in Minnetonka, jumped from a moving train just outside of Chicago, and made his way to his father's home in this city. He was surrendered to the county authorities by his father.

ROSSER & McCARTHY,
Proprietors.
FRIDAY, MARCH 20, 1891.

TAKE their own figures and the Republicans have increased the public expenditures over one hundred and seventy million dollars in two years. Is that what they call an economical administration of the Government?

THE illustrated organ of the administration, Judge, represents James G. Blaine as the boss bridge builder, throwing a reciprocity structure across a chasm to facilitate trade with Brazil. When Judge produces one cartoon to the effect that unrestricted trade is a good thing and another that restricted trade is much desired, who will dispute its standing as a comic journal?—Harrisburg (Pa.) Patriot.

GOVERNOR HILL was handed a check for over \$2,200,000 one day this week in payment of New York's share of the direct tax. It was the first money paid out under the recent act of Congress, and is no doubt the biggest check ever turned over to the Treasurer of the Empire State. The Governor didn't allow any grass to grow under his feet after the measure was passed. Perhaps he thought New York's share would be in safer hands in her own treasury than in the vaults guarded by the G. O. P.

WE are informed that Editor Henry Lenaghan, of the Republican, will, after April 1st, be with an editorial home. Mr. Lenaghan, who is a trenchant and pungent pen, and as a newspaper man would be a valuable acquisition to any office, he is gentlemanly and courteous, and during his stay here has made many friends. Any office needing a man who knows how to get up a readable paper, we would commend Mr. Lenaghan.—Sunday Morning Call.

WE warmly endorse every word of the above. We have found Brother Lenaghan one of the most courteous gentlemen it has been our pleasure to meet. His work on the Republican has fully demonstrated his ability. He is indefatigable as a news-gatherer, and his items are always dressed up in a spicy manner. And he is just as much at home in the editorial department as in the local department. Any paper would be fortunate in securing his services.

Colonel Bradley's Trouble.

Republicans throughout the State will regret very much to learn that Hon. William O. Bradley is suffering considerably with his throat. He has been troubled with bronchial affections for several years, and the disease has grown rapidly in the past few months. During the last three weeks Mr. Bradley has had several surgical operations performed on his throat, and at last accounts his condition was extremely painful, but not serious. It is hardly probable that he will recover the full force of his voice for some time to come.—Lexington Leader.

Mrs. Judge Bradford Dead.

Died, at Augusta, Tuesday, March 17, Mrs. Theodosia Bradford, wife of Judge George L. Bradford. Funeral yesterday. Deceased was born in this county August 31, 1846, and was a daughter of Benjamin Kirk. The Vindicator says: "Mrs. Bradford joined the Christian Church ten years ago, and from that time until illness put an end to her endeavor she was active in church work, being impelled thereto by a sense of duty as well as by love of the work for the good it accomplished. She was as unostentatious in this work as she was in her charities, and her name will long be treasured in loving remembrance by those who knew her. Her disease was cancer, although it did not assume a hopelessly fatal phase until about three weeks ago. She was patient under the great affliction, and was serene in mind while contemplating the inevitable. As was said of Dorcas of old, 'Her works do follow her.'"

The Tobacco Growers' Warehouse.

At the opening sale of the Kentucky Tobacco Growers' Warehouse in Louisville this week about forty hogsheds were disposed of at fair prices, as follows: Three hogsheds of Shelby County leaf, at \$21, \$17.75 and \$14.75; three hogsheds of Shelby County trash, at \$10.25, \$8.60 and \$7.10; three hogsheds Nicholas County leaf, at \$10.50, \$7.70 and \$7.60; eight hogsheds Nicholas County trash, at from \$5.50 to \$2.65; four hogsheds Franklin County leaf, at \$9.60, \$8.50, \$5.90 and \$5.80; two hogsheds Owen County trash, at \$6 and \$5.10; six hogsheds Spencer County lugs, at \$6.20 to \$2.30; five hogsheds Henry County lugs, at from \$10.75 to \$4; two hogsheds Shelby County leaf, at \$7.20 and \$5.50; three hogsheds Carroll County trash, at \$3.50 to \$1.85; one hogsheds Hart County trash, at \$2.50; three hogsheds Illinois trash, at \$1.85 to \$1.

The best price given was \$21, for Shelby County leaf, the property of Allen Snooks, one of the Board of Directors. His was about the only real good tobacco in the sale.

Eugenie Blair.

Eugenie Blair, the beautiful and talented leading lady of the Robert Downing Company, is a Southerner by birth. She was born in Columbia, S. C., and made her debut at Healey's Theatre, Chicago, with the late John T. Raymond, in "Risks." Since that time she has supported nearly all the prominent stars of the American stage, and excels in such parts as "Virginia," in "Virginius," "Parthenia," in "Ingomar," and "Neodamia," in "The Gladiator." Miss Blair is said to be one of the most popular ladies in the profession. Her friends are legion on both sides of the footlights. She is an accomplished musician, a charming conversationalist and a linguist of no mean order, speaking eight different languages fluently. Out of the theatrical season Miss Blair spends her holidays at her beautiful summer home, "Edgemore," near Washington, D. C., where she and her husband, Mr. Robert Downing, entertain their many friends in right royal style until September sets in, when they start on their travels to entertain their many admirers among the thousands of theatre-goers.

No More Osculating.

The Transcript has it from reliable authority that the tunnels along the line of the Kentucky Central, Maysville division, will have their tops removed. There can be but one objection. The K. C. tunnels for many years, particularly during the camp meeting season at Park's Hill, have afforded young couples enamored of each other the opportunity to get in a few sly osculatory snacks. With a continuous flood of light along the line of the K. C., it will be necessary for the dear young people to betake themselves to shady glens. Lexington Transcript.

J. M. HUNT.

Mr. W. J. Wilson, of Yarnallton, Ky., who has been visiting relatives at Germantown, returned home this afternoon.

Railway News.

It is said the new owners of the Kentucky Central, instead of repairing the tunnels between here and Paris, will cut through the hills.

A special from Vanceburg, says: "The C. & O. railroad and the Kentucky Free-stone railroad, a branch of the C. & O., being built up Kinney Creek, to Grayson, are having trouble. It is caused by the C. & O. withdrawing their entire rolling stock from that part of the road which is completed."

The new Directors of the Kentucky Central are H. E. Huntington, Cincinnati; M. H. Smith, Louisville; Eckstein Norton, Wm. Martin, J. A. Horsey, J. D. Probst and Thomas Ritter, New York. The Maysville and Lexington Division stockholders elected M. H. Smith, H. W. Bruce, C. Quarrier, Louis Wood, Brent Arnold, C. R. Brent and J. W. Ellis, Directors. M. H. Smith was elected President and J. W. Ellis, Secretary.

A letter was received by a prominent Moscow business man from General Warner a few days ago, making inquiry as to the practicability of quartering 500 laborers in and about that place. That particularly pessimistic class who have been busy in predicting against the building of the Ohio River road need to begin to take well developed tacks in their course that they be not run down and over by a locomotive. The best and highest information points to the early building of the road.—Felicity Times.

Goggin reports the following as the result of the sale by the Lloyd Brothers near Tuckahoe: 1 horse \$161; 1 horse \$120; 1 horse \$75; 1 colt \$122; 1 colt \$70; 1 colt \$97.75; 1 colt \$70; 1 colt \$56.50; 5 cows \$147; 1 calf \$21; 3 2-year-old steers \$90; 9 hogs \$24. If farmers will bear one thing in mind, they will never be the victims of confidence men, and that one thing is this: When a stranger calls at your house and wants to leave a plow, harrow, bale of goods or any other goods, just for an accommodation till he calls for it, and wants you to sign a receipt so that he can show his employers where it is and that it is in safe hands, ask him why you must give a receipt. If he can not trust the goods in your possession without a receipt, tell him to take them away. It is no accommodation to you to have them left, and the man who tries the dodge is always a swindler.—Portsmouth Tribune.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

An Old Land Mark.

The two-story frame building that has been occupied by George Heiser for the past thirty years is being torn down to be replaced by a fine, new three-story brick business house. The new building will be of the most modern style, three stories, with iron front and built of brick, with free stone trimmings.

The building that is being torn down is over a hundred years old, and is one of the old land marks of the city. It was built by a gentleman by the name of Hawes.

"One of my customers came in to-day and asked me for the best cough medicine I had," says Lew Young, a prominent druggist of Newnan Grove, Neb.; "of course I showed him Chamberlain's Cough Remedy and he did not ask to see any other. I have never yet sold a medicine that would loosen and relieve a severe cold so quickly as that remedy does. I have sold four dozen of it within the last sixty days and do not know of a single case where it failed to give the most perfect satisfaction." Fifty-cent bottles for sale by Power & Reynolds, druggists.

THE ALLIANCE.

Result of the Meeting at Vanceburg Yesterday--A District Union Organized.

Resolutions Setting Forth Their Demands--The Democratic Executive Committee Gets a Shot.

A large delegation of Alliance people met at Vanceburg yesterday for the purpose of organizing a District Union for the Ninth Congressional district. The delegates were called to order at 11 o'clock a. m., by J. W. Boyd. The object of the meeting was explained by Assistant State Lecturer John G. Blair, of Nicholas, after which an organization was effected by electing J. W. Boyd, of Lewis, Chairman, and C. P. Vauter, of Mason, and J. S. Mavity, of Lewis, Secretaries.

A call of the counties was made, which showed the following were represented: Mason, Robertson, Fleming, Nicholas, Greenup, Lewis and Boyd.

On motion, Messrs. Falls, of Lewis, Ball, of Fleming, and Lattrell, of Mason, were appointed a Committee on Credentials, and on further motion the Chair appointed one from each county as Committee on Resolutions. Adjourned for dinner.

At 1 p. m. the convention reassembled and the Committee on Resolutions made the following report, which was adopted: WHEREAS, The time has come when the producer can no longer remain silent on questions that affect so materially his social, mental and financial condition; and

WHEREAS, The burden of taxation that is so unequally divided between capital and labor falls heaviest upon those least able to bear it, and realizing that more potent means should be employed to equalize its assessment; therefore we demand the enactment of the following resolutions into laws, and will vote for no candidate for the Legislature who does not endorse the same:

Resolved, That all notes, mortgages or other written evidences of indebtedness be presented to the Assessor for assessment and be annually stamped by him, and if not so presented and stamped, to become invalid.

2. That the last certified reports of banks be taken by the Assessor as a basis of assessment.

3. That all lands used for public roads and passways be assessed against the company owning or controlling said road or passway.

4. That rolling stock of railroads be made personal property subject to execution for all stock killed or injured, and no appeal be granted beyond Circuit Courts for sums of \$200 or less.

5. That the State establish a uniform system of text books for schools, and furnish at a cost of publication and transportation.

6. That we endorse in full the Ocala platform, and will not cast our votes for any man for Congress that will not agree to assist by his vote and influence the enactment of the demands in said platform into laws.

8. That we denounce in uncompromising terms the autocracy of the State Democratic Executive Committee in its nefarious scheme to deprive the farmers and laborers of a selection of candidates for State offices by calling mass conventions to be held at county seats instead of precinct meetings. Their course is undemocratic, unfair and contrary to the usages of all political organizations.

The complete organization for the District resulted in the selection of the following officers:

Treasurer—Geo. Fritchard, of Carter.

District Lecturer—S. H. Politt, of Lewis.

Doorkeeper—Thos. Owens, of Robertson.

Sergeant-at-Arms—W. H. Bramfield, of Boyd County.

The following Executive Committee was also elected: J. Falls, (Chairman) of Lewis, W. T. Thompson, of Mason and Ben Packett, of Boyd.

On motion the following papers were requested to publish the proceedings: Farmers' Home Journal, Vanceburg Times, Maysville BULLETIN.

An Incendiary's Work.

Mr. M. B. Tolle's new frame residence, near Orangeburg, was destroyed by fire at 1 o'clock yesterday morning, together with the contents. It was finished only recently, and was valued at \$1,500. It was insured for \$1,000 in the Farmers' Home

It was undoubtedly the work of an incendiary, as a jug that had contained coal oil was found near by, and there had been no fire in the building for several days.

"Hustlers From Hustlersville."

Judge Perkins and Commonwealth's Attorney Cleary came fifty-four miles Monday to hold Criminal Court. The Times-Democrat says the City Council of Flemingsburg is divided on the question of accepting the Amazon fire engine. On its first trial it did not give good service, but a second trial was more satisfactory. A further test of the machine will be made.

Hon. R. H. Stanton Dead.

Died, at his residence in this city on Friday at 12:40 p. m., Richard H. Stanton, in the 79th year of his age. Burial private from his late residence at 2:30 p. m. Saturday afternoon.

An affray occurred recently at Higginsport that brings to mind the terrible Swape-Goodloe tragedy at Lexington. The participants were Warren Easter and William Kinner. An old feud had existed between them for years. They happened to meet in the postoffice a few days ago, and the quarrel was renewed.

After a few hot words, Easter drew a knife and Kinner picked up a club and then they proceeded to finish each other. They fought until they were completely exhausted. One side of Easter's head was reduced almost to a jelly, and Kinner received seventeen knife thrusts in different parts of the body. Neither were injured fatally, however, and with good care they will both recover.

CABLE MESSAGES.

The Captain of the Lost Utopia Arrested.

LATER RELEASED ON BAIL.

Funeral Over Drowned Heroes—Sensation in German Military Circles—An Exciting Day in Rome Over a Labor Demonstration—Other Foreign News.

GIBRALTAR, March 20.—The funeral of the two men-of-war's men, James Cotton, seaman, and George Haes, stoker, who were drowned from the steam launch of the *Immortalite*, on Tuesday night, while attempting to rescue the endangered passengers of the Utopia, took place. All the bands of the British squadron now at anchor at Gibraltar, marched in the funeral procession and played dead marches. The officers of the *Immortalite*, with their captain, Sir William Wiseman, at their head, followed, as did delegations from the crews of the other British warships and the Swedish man-of-war *Freya*. The Gibraltar garrison was also represented. When the bodies were lowered into the graves in the government cemetery the ironclads fired a salute. As a mark of sympathy business was generally suspended in the city.

Capt. McKeague, of the Utopia, has been arrested on the charge of wrongful acts, improper conduct, negligence and mismanagement in the control of his steamer before and at the time of the disaster. He was admitted to bail.

German Cartridges Stolen.

BERLIN, Mar. 20.—The German war office has been startled by the discovery that hundreds of kilograms of cartridges, charged with smokeless powder, have been stolen from the ordnance workshops of Spandau by a sub-officer of the German army. The secret service agents of the government have ascertained that the cartridges were conveyed to this city where they were sold for twenty-two marks per hundred. It has thus far been impossible to ascertain who were the purchasers of the ammunition, nor has the identity of the sub-officer implicated been established.

Fears of a Riot in Rome.

ROME, March 20.—The attention of Italy was yesterday diverted from the New Orleans massacre by the apprehension of riots in Rome. The workmen of the city had been preparing for a great demonstration to attract the attention of parliament to their grievances. Yesterday was the day chosen to present a motion picture which was prepared. The program was an assembly in marching order and then a march to parliament, where the petition was presented. The police were out in force, and every precaution was taken against disorder.

An Inquiry to Be Made.

LONDON, March 20.—The admiralty has ordered an inquiry into the sinking of the emigrant steamship Utopia, at Gibraltar, owing to collision with the British ironclad Anson and Rodney. It is rumored that the ironclads were not altogether without blame, having been anchored at a place unusual for men-of-war at that station. All agree, however, that the British crews acted in a gallant manner after the accident.

Food for Prisoners.

LONDON, March 20.—A train with provisions has just succeeded in reaching Dartmoor prison, communication having been interrupted owing to damage done by the blizzard. It was the first train for nine days. The convicts were out of fresh meat and grumbled considerably at the sad meat. One of them, getting angry, stabbed a warden. He was at once locked up without any meat.

Heavy Rains in France.

PARIS, March 20.—The south-east of France has recently been visited by heavy rains, and large districts have been inundated. A rapid rise has taken place in the River Rhine.

Thurman Resigns.

COLUMBUS, O., March 20.—A. W. Thurman, president of the National base ball board of control, has tendered his resignation as a member of that board. Although Mr. Thurman's action was not known until last night, he says that he sent in his resignation three or four days ago and had contemplated such action for several weeks. Mr. Thurman says his resignation was caused by the necessity of his entire attention to private business affairs. He does not think his resignation will in any way affect the present complications in base ball affairs, and states that to his knowledge nothing looking to a compromise between the National League and American Association is on foot.

Prisoner Pardoned.

INDIANAPOLIS, March 20.—Zach Bassett, of Howard county, was pardoned out of the penitentiary on Wednesday by the governor. Bassett was sent up for seven years for killing Elmer Ellis, shooting him through the heart as they were returning home from church. The quarrel arose over a young lady. The pardoned man is said to be dying of consumption.

A Tie-Up Likely.

SPRINGFIELD, O., March 20.—Sandusky branch Big Four employees, after repeated visits to General Superintendent Peck, have failed to get the raise in wages asked for. They want Big Four standard. The committee has just returned from Indianapolis. Great indignation prevails among the employees, and a tie-up is an immediate probability.

Rev. MacQuary's Punishment.

CLEVELAND, March 20.—The verdict in the case of Rev. Howard MacQuary for heresy has been made public. Mr. MacQuary is suspended for six months, and if he does not "retract" during that time his suspension becomes expulsion. MacQuary has sent in his resignation and says he will never "retract."

"Sugar" in the Sand.

LINCOLN, Mo., March 20.—It is learned that a fifteen-inch vein of sand near Boston, this county, has been discovered which is rich with gold.

The marine religious temple which is at the upper grade deserves a more liberal patronage than it is having, considering its nature.

WHEREAS, God in his providence has removed from our midst our friend and schoolmate, Orlo Buck, and in view of the great loss we have sustained by his death in our Sabbath school, and of the still heavier loss sustained by those who were nearest and dearest to him; be it

Resolved, That it is a just tribute to the memory of the departed to say that we mourn for one who was in every way worthy of our respect and regard, and while we remember with saddened hearts that there is a vacant place in our school, we realize that our loss is his gain.

Resolved, That while we miss Orlo, we shall not mourn as those who have no hope, but that our loss is his eternal gain. We shall ever cherish his memory with fond recollections, and hope to meet him in that beautiful land beyond, "where sickness, sorrow, pain and death are feared no more." He was a kind schoolmate, loving brother; always greeting his companions with pleasant smiles, always ready to assist in time of trouble.

Resolved, That we extend our deepest sympathy to the bereaved friends, and commend them to "Him who doeth all things well." That a copy of these resolutions be sent to the BULLETIN for publication, and a copy be furnished the family of the deceased, and same be recorded in the Secretary's book of the M. E. Church Sabbath school.

Two Thousand Armed Itals in Ohio.

PITTSBURGH, March 20.—A special to The Times from Wheeling, W. Va., says: News has reached here that about 2,000 Italians, working on the Pittsburgh, Ohio Valley and Cincinnati railroad and a pipe line, about eighteen miles below Leilaire, are organized and are drilled in companies and a regiment. They are also receiving guns. It is said that they are organized on account of an order received from Chicago. People are considerably alarmed.

Actor Commits Suicide.

NEW YORK, March 20.—Henry Aveling, the actor, was found dead in the Sturtevant house this morning. He ended his life during the night with a dose of poison. The suicide left two letters. In one he asked that the funeral arrangements be looked after by a Mr. Shelton, a member of the John L. Sullivan combination. In the other the dead man says he does not want a certain woman to look at his remains.

Slay of Execution.

SPRINGFIELD, Ill., March 20.—Governor Fifer yesterday granted a stay of execution for Charles Ford, who is under sentence to be hanged at Ottawa next Saturday for the murder of T. B. Scott, a traveling man whose home was in Omaha, on June 23 last. The stay is granted until May 9, and is made to give the attorney for Ford time to prepare a record for a supersedeas to be presented to the supreme court.
